## Boys Records for 2005 - 2008

Mountain View, California

The Shoreline Cross Country Course is located near the Shoreline Amphitheatre in Mountain View California. The course is a 3.0-mile course with moderate rolling hills. The course was first run in a West Catholic Athletic League (WCAL) Meet in October of 2005. Unfortunately, the city of Mountain View covered most of the course around the golf course (middle mile) with used asphalt the week prior to the race. This resulted in some poor footing during the middle mile (chunks the size of baseball and softballs on the course) which slowed the times considerably. The following years in 2006 through 2009 the course was in excellent condition. In 2007 it was particularly fast.

To my knowledge the course has only been used the 6 times (2005 through 2008) by the WCAL, and 2 times (2008 and 2009) by the WBAL. If other teams have run the course (as described in the Course Description posted on the SAINT FRANCIS High School Boys and Girls Cross Country sites), please forward those results to me for inclusion in this list.
